DEDICATION

For her many years of untiring service as a teacher in our public schools, the Senior Class wishes to dedicate the 1957 Panorama to Miss Grace Morse who retired last year. She has worked unreservedly and unselfishly for the school with all too little appreciation on the part of those she has served.

To my third daughter - My best wishes for wisdom, joy and love throughout your life. Love, Elizabeth Taylor (your extra mother)

TYPICAL DAY AT

DEFIANCE HIGH...

I'm not even awake yet . . .
Attention, please, announcements . . .
We have our bull sessions, too . . .
The new desks make work easier . . .
Hey, that's my neck . . .
There is no dignity greater than a job well done . . .
Happy confusion . . .
What'll we do tonight?

PANORAMIC

VIEW OF 1957...

A little friendly advice . . .
Getting ready for the game . . .

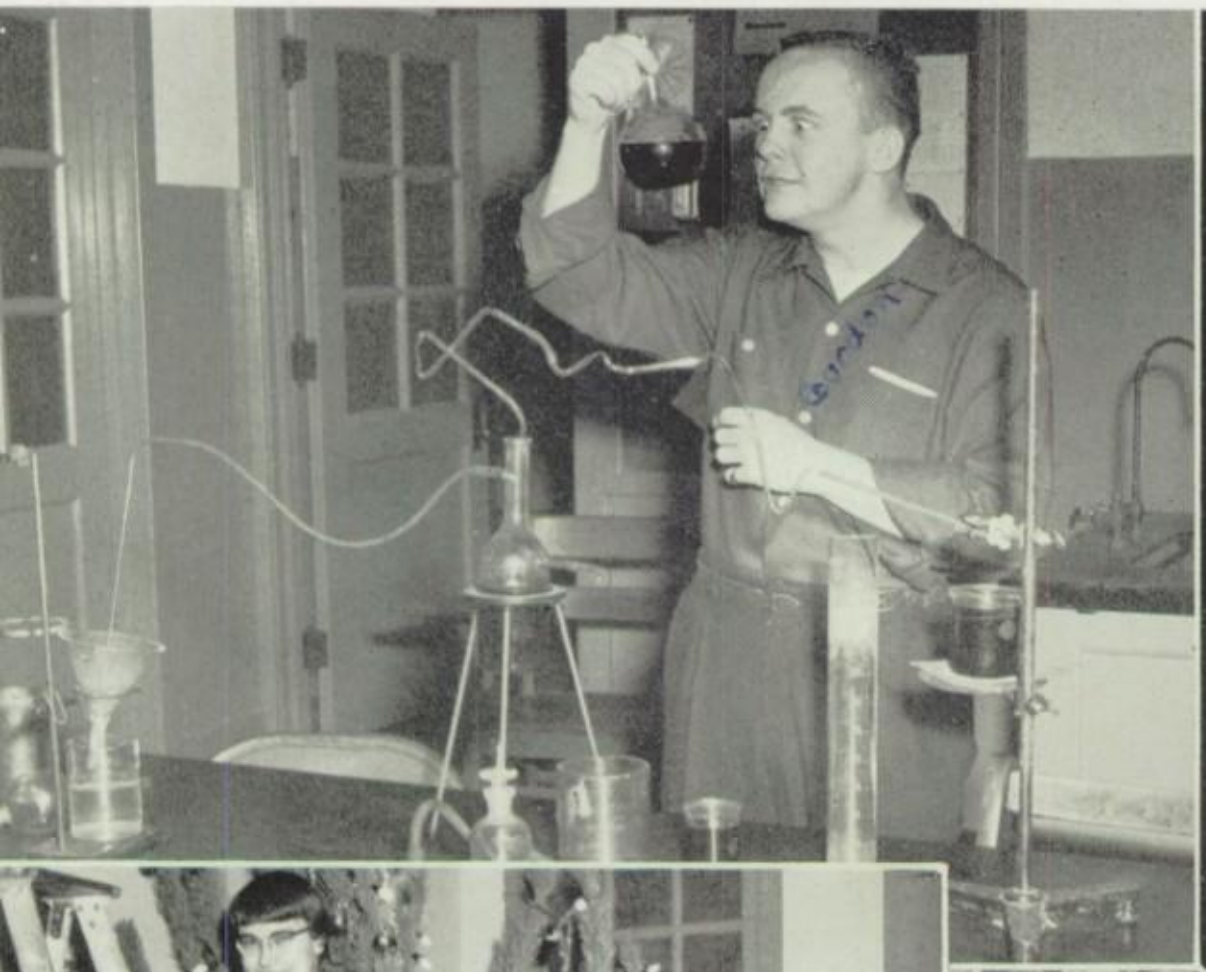
Oh! That Christmas spirit . . .
With this spirit how can we lose?



JUNIOR PLAY

"But it's not in the script!" Buzz (John Shaffer) tells Lenny (Bub Ryan), while Vicky (Diana Dirr) looks on.

"Lemme down youse thugs," Lenny is escorted from the stage.

Mr. Wohn, the director, explains the script to student directors, Becky Behringer and Mary Brinkman.

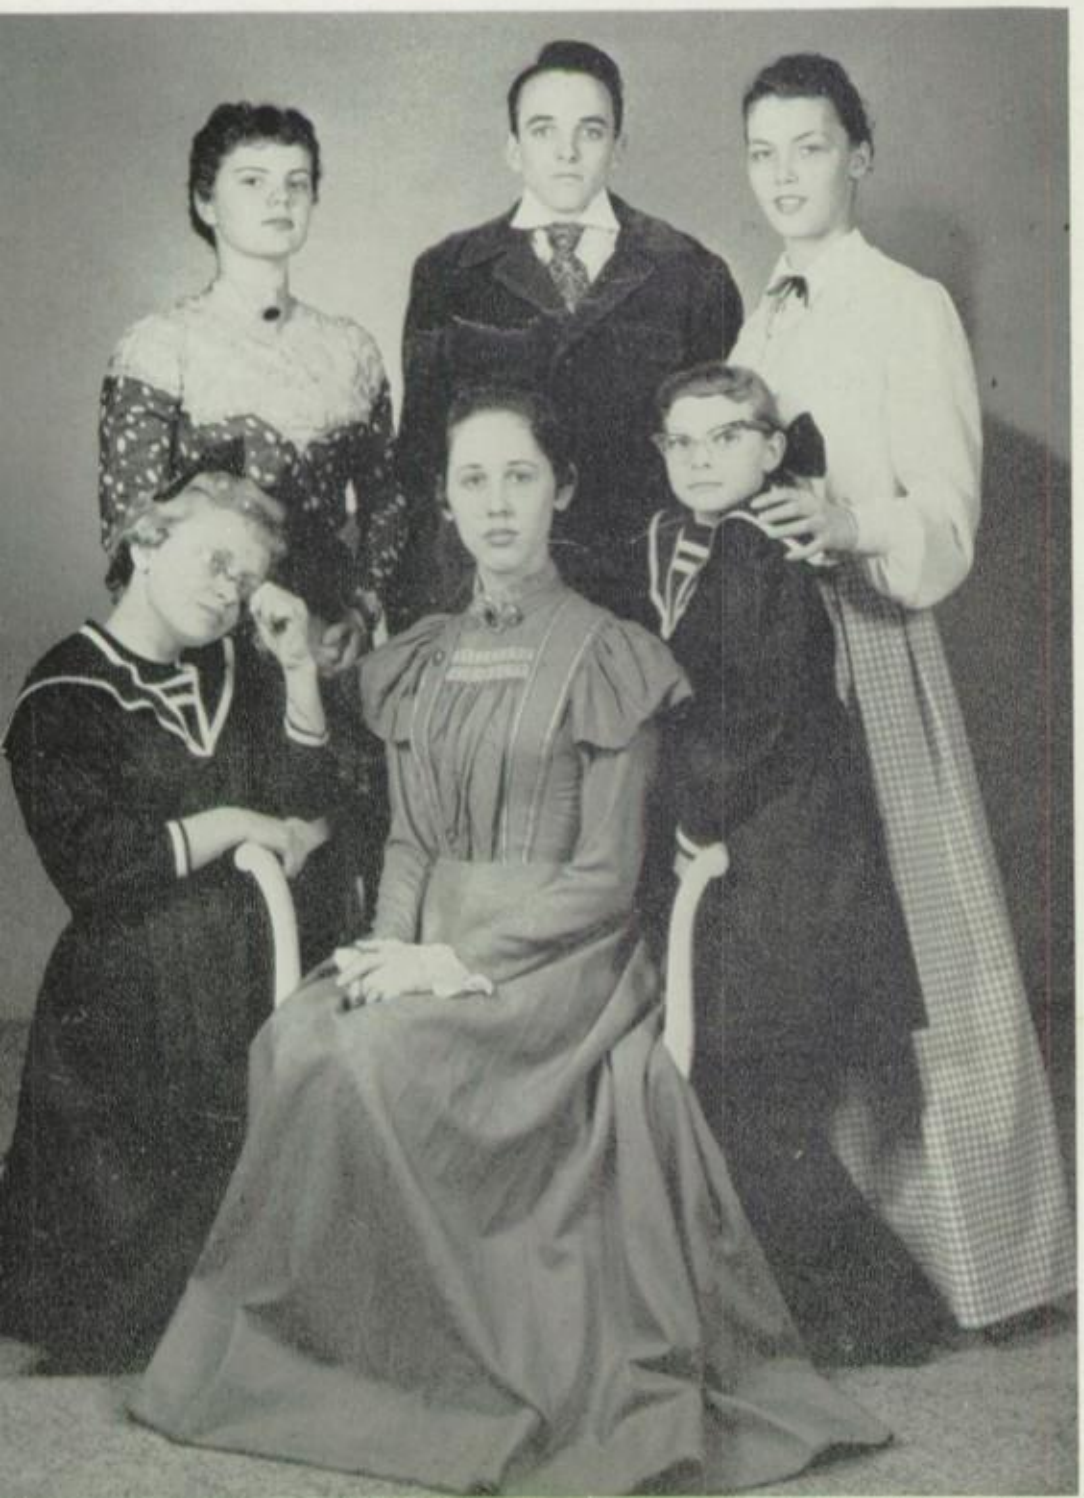
Something old and something new were brought into lights on the stage by the Junior Class in their annual production, "The Doughnut Hole." The "new" look was achieved through the use of no scenery and the "old" part included a section from Shakespeare.

The co-stars were Diana Dirr and John Shafer. Other cast members were Bub Ryan, Dan Spengler, Pat Karnes, Larry Smellie, John Miller, Nancy Potts, Gary Hogle, Linda Whetstone, Becky Bricker, Janet Malone, Bob Mangas, Nancy McClory, Judy Nickels, and Linda Oelke.

The play was directed by Mr. Wohn with the help of Becky Behringer and Mary Brinkman, student directors.

SENIOR PLAY

Judy Richards and Neil McGrew.



First row: Nancy Dirr, Linda March, and Sandy Hauth . . . Second row: Jereme Tubbs, Tom Simkins, and Hyla Quinn.

The Senior Class Play of 1957 brought to life an unforgettable family, the intensely human Goodalls.

"The Green Bough", directed by Mr. Wohn, took the audience back to the era of 1910. This heart warming story in three acts was recently chosen as the Book of the Month Club selection.

Seniors who won parts were Tom Simkins as Bert, the older brother; Neil McGrew as Godfrey, the father; Linda March as Lizzie, the 23-year-old daughter of Godfrey; Gordon Phillips as Walter, Ella Mae's boyfriend; Nancy Dirr as Sophie, a typical little girl aged 9; Hyla Quinn as Ella Mae aged 18; Art Frederick as Henry, Lizzie's fiancee; Jereme Tubbs as Annie, the oldest of Godfrey's daughters; Judy Richards as Henrietta, a spinster schoolteacher whom Godfrey marries; Jo Scott as Rosemary, whom Walter goes with to to make Ella Mae jealous; and Linda Clemens as Helma, the maid.

MAY DAY

HOMECOMING

Sophomore attendant, Carol Smith; Queen Pat Locke; and Junior attendant, Mary Brinkman.

A gala occasion marks the Homecoming festivities at Defiance High School.

Each year the football team elects a Homecoming queen and attendants to reign over the Homecoming game, which was played this year with St. Marys. Her Majesty for 1956 was Pat Locke, senior; and her attendants were Mary Brinkman, junior; and Carol Smith, sophomore.

After being crowned by John Schlosser, honorary Captain, Queen Pat presented him with a new football.

The following evening the festivities were climaxed with a Homecoming Dance, sponsored by the Senior Hi-Y.

THEY...LEAD THE WAY...

Leadership is one of the greatest qualities a person can possess. Some of our students have not only gained recognition locally but in the state as well. These people have been chosen for their leadership, high moral character, courage, self-reliance, mental alertness, and willingness to take initiative and assume responsibility.

"Lives of great men all remind us
We can make our lives sublime,
And departing, leave behind us
Footprints on the sands of time.
Let us then be up and doing,
With a heart for any fate;
Still achieving, still pursuing,
Learn to labor and to wait."

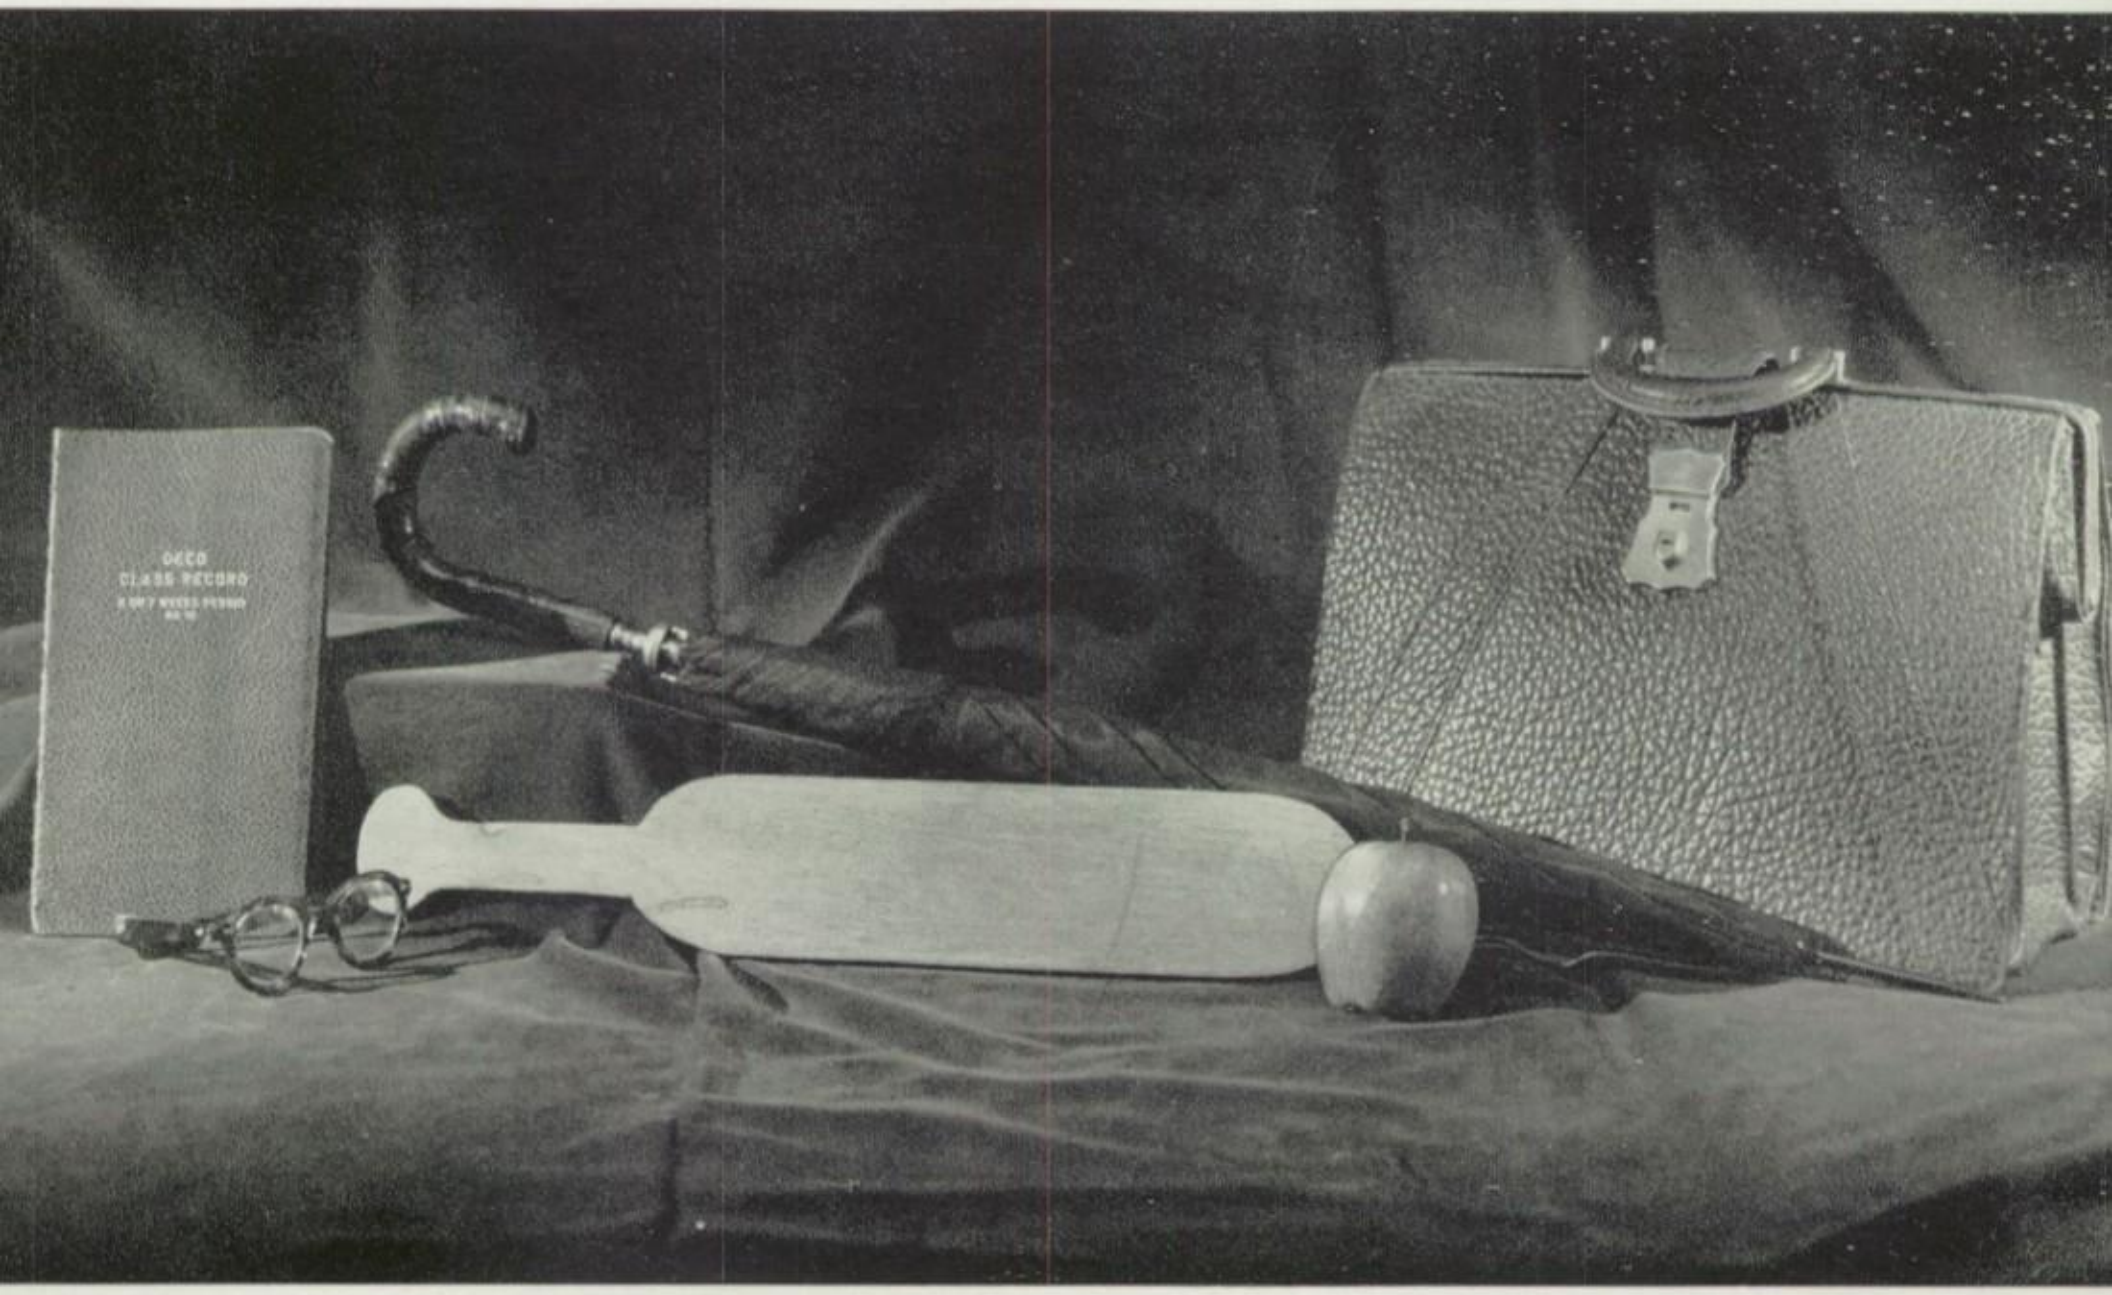
FACULTY

For your untiring efforts and guidance true
For the knowledge and patience received from you,
For your interest, your help, your work in our ranks,
We salute you our faculty with sincerest thanks.



MR. J. G. DEMYAN

Over the years, through the portals of Defiance High School, have passed many admirable men and women. One of these was Mr. J. G. Demyan who contributed so much to our present school system. As teacher, principal, and superintendent, he listened to our many problems and helped us chart our course. Although Mr. Demyan left our school system on August 1, 1956, we feel certain that he will always be a part of it. For his untiring efforts and faithful guidance, we pause and say "thank you . . ."

The Defiance Board of Education consists of a group of interested citizens who give their time and talent to promote better school conditions and facilities. Few students realize the importance of the Board of Education since they seldom see these men at school and have little opportunity of becoming acquainted with them.

THEY DETERMINE THE POLICY

In his sixteen years of service in the Defiance Public Schools, Superintendent C. W. Henkle has contributed much to the growth of the school system. Serving his first year as superintendent after being promoted from principal, Mr. Henkle is always ready to give a word of praise when credit is due.

Superintendent Henkle received his A.B. degree from Ohio Northern University, his M.A. degree from Ohio State University, and has taken graduate work at the University of Colorado and Bowling Green State University.

Mr. Henkle shows his interest in activities of Defiance by membership in the Rotary Club, the Masonic Lodge, the American Legion, and the Chamber of Commerce. He is also president of the Defiance County Tuberculosis and Health Association.

The superintendent's secretary is Mrs. Virginia Kroeckel, whose varied duties make hers a very busy day.

Testing, guidance work, and co-ordinating the elementary school program are some of the duties of Mr. C. A. Hoeffel, the Assistant Superintendent in charge of Elementary Education.

Mr. Hoeffel received his A.B. from Defiance College, his M.A. from Ohio State University, and has done his post graduate work at Bowling Green State University.

Mr. Clare Hoeffel

Principal F. G. Blue and secretary, Darlene Karnes Londeree.

Taking over his new duties this year as Principal of Defiance High School, Mr. Franklin Blue, along with his many administrative duties, finds time to serve as counselor to the Student Council. He received his B.S. degree from Defiance College and his M.A. degree from Ohio State University. Serving as First Aid Chairman of the Red Cross program, Mr. Blue is interested in the work of the American Red Cross. Mr. Blue shows an avid and sincere interest in the students and their problems.

Darlene Karnes Londeree, a 1955 graduate of Defiance High School, served as secretary in the principal's office.

Aside from being Dean of Boys at Defiance High School, Mr. Harold Palmer also has the official title of Faculty Manager of Athletics. While keeping busy with the many tasks these jobs require, he also teaches World History.

Mr. Palmer received his B.A. and B.S. in education at Defiance College and his M.A. degree from the University of Michigan.

Mrs. Adah Greim, who serves as Dean of Girls at Defiance High School has many duties to perform. Aside from supervising attendance records and issuing work permits, she teaches seventh and eighth grade science. Much of her time is also given to serving as adviser to F.T.A.

She received her B.S. in education from Central Missouri State College.

ADMINISTRATIVE STAFF

Miss Kehnast, the Guidance Director and Visiting Teacher, received her B.S. in Education from Defiance College. She has also studied at Bowling Green State University and Indiana University. Miss Kehnast has a pupil-employment bureau through which many students procure full-time or part-time positions. She is interested in welfare work, and promotes all the charity drives in the Defiance schools.

Miss Kehnast has coordinated the guidance program and has made it an integral part of the D. H. S. curriculum.

Mr. Krutsch, assistant principal, is one of the busiest men around school. Besides teaching history, journalism, and being adviser of the National Honor Society, he performs many administrative duties. He is also editorial adviser of the *Panorama* and *Banner*.

Mr. Krutsch received his B.S. degree from Ohio State University and his M.S. degree from Cornell University and has done post-graduate work at Bowling Green State University.

ENGLISH

"Some books are to be tasted, others to be swallowed, and some few to be chewed and digested."

Francis Bacon

English is like a mighty oak tree. The trunk and her bare branches represent the native language forms, for they give the language its simplicity, directness, and force. The leaves and blossoms represent the foreign element, which gives grace, variety, and ornament to the speech. The excellent blending of native and foreign elements give the English language its great possibilities for richness and power.

Twelve centuries of literature bequeath to modern times "the best that has been said and done." The English department invariably seeks new ideas, new methods, new insights for presenting selections in literary tradition.

The basis for the English language and its fundamentals are presented to the student in the seventh grade. The emphasis is on simple grammar . . . grammar for sentence building, for correct usage, and for punctuation.

Eighth grade English begins with a review of seventh grade topics. More advanced parts of the English language and the essentials of composition are presented to the student during the year. Here he begins his literary climb.

In the ninth grade the student continues his study of grammar, paralleled by a course in modern, living authors. A program is established at this grade level which develops the many separate skills in reading growth. English I also contains a course on the outlook of teenagers towards the world of today.

In English II, the emphasis in literature is on Shakespeare's *Julius Caesar* and George Elliot's *Silas Marner*. The Sophomore learns to "read between the lines" . . . understand the author's tone and purpose, and appreciate the use of his imagination. He is also taught the mechanics of advanced grammar.

Mrs. Davis tells Buddy Keliiholokai, "This verb should have been plural."

Mrs. Corson illustrates the importance of character.

Research work and reporting on a wide variety of topics are stressed in the English III course. By improving his punctuation and spelling, and learning new meaning of words, the student builds his vocabulary. The study of such American authors as Longfellow and Poe is also presented to the Juniors.

In Senior English the student reaches the last phase in his literary development in high school. By now he has a broad appreciation of literature. As he looks back, he remembers travels into unknown lands, ventures into fantasy, and even looks into the imagined future. Aside from studying English literature in this course, he prepares themes, summaries, and outlines, which condition him for college and his future career.

Macbeth lives again through the magic of recordings . . . Nancy Dirr and John Marchal look on as Miss Carter puts on a record.

HISTORY

Defiance High School's history department tries to fit the urgent requirements of today's educational objectives. These objectives, as we see them, are to give the student all possible assistance for his understanding of world conditions and world affairs today. As we write these words, a really lasting peace seems far in the future, but somehow, some day, the young people now in school must find a way to it. Any really permanent peace must be based in part on a sympathetic understanding of other people . . . their historical background, their national inheritance, their geographic environment, their resources, their legitimate aspirations, and their contributions to civilization. Our students must understand what makes other nations "tick" . . . what makes them think and act as they do.

The objective of national and international understanding has governed every step in the development of a student at D. H. S. The student begins to understand the relationships that exist between the peoples of the world in the seventh grade.

In the eighth grade the student studies two developments of history; United States History and Ohio History.

A more advanced overall picture of the world situation in the past and the present is studied by the student in the tenth grade.

The advantages, challenges, and satisfaction of the American way of life form the theme of the text in the eleventh grade. The student learns American history in all its phases . . . political, economic, social and diplomatic.

In his social problems class, the senior takes his last step in studying history . . . his complete picture is that of a fortunate nation, happy, prosperous, and determinedly united in the pursuit of freedom and brotherhood, man's greatest heritage.

Mr. Pixler and Dave Karnes look over one of the clippings from the Ohio History Room bulletin board.

Mr. Hinesman illustrates the important points of the American Democracy.

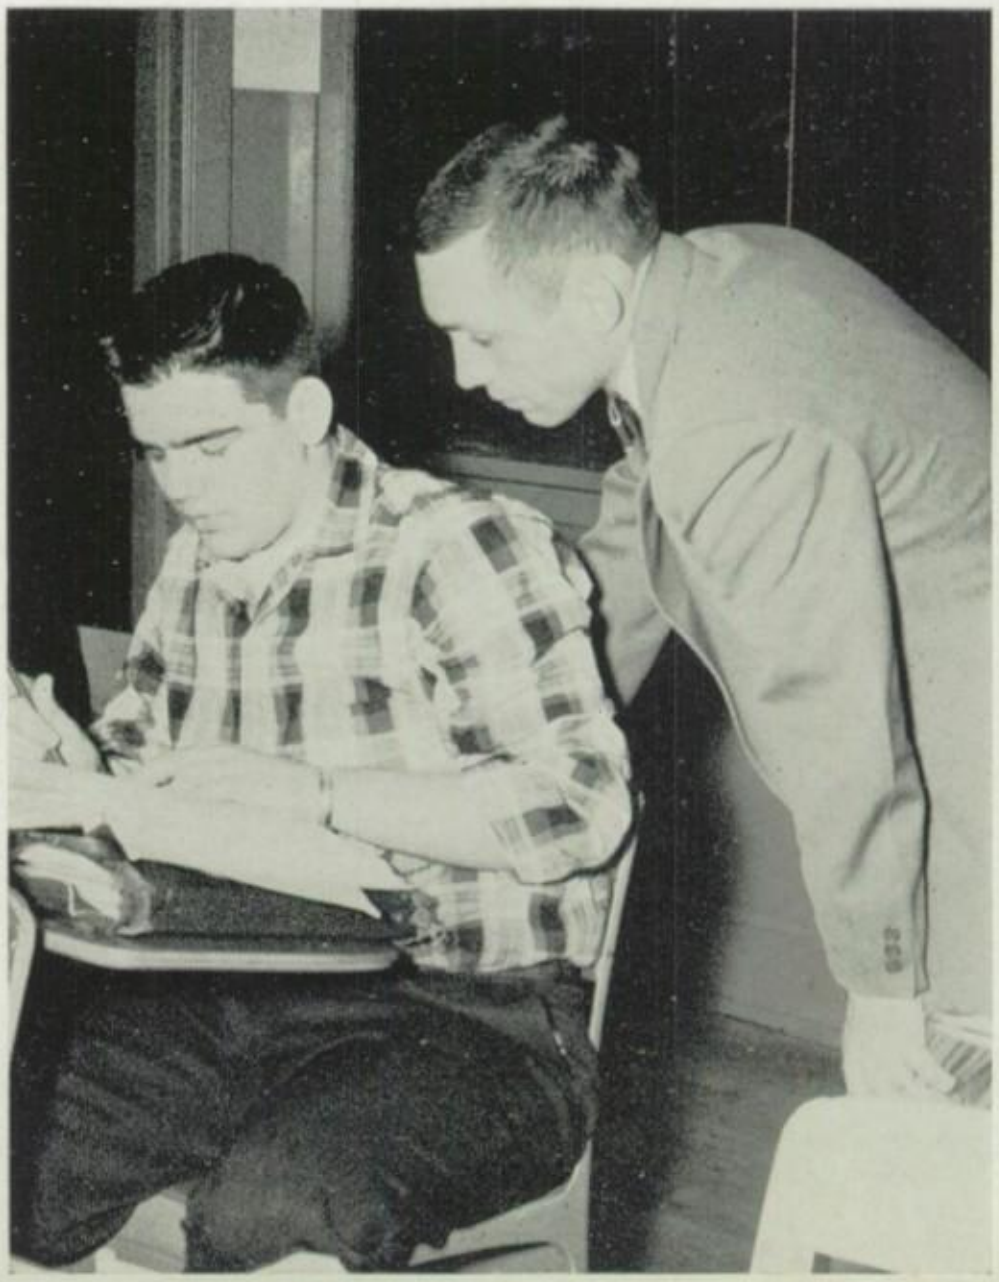
"This education forms the common mind:
just as the twig is bent the tree is inclined."

Alexander Pope

Recognizing the need for a thorough background in mathematics, Defiance High School offers a well-rounded curriculum in this subject. The student is taught math to enable him in later life to solve the quantitative problems that will constantly confront him as a producer and as a consumer. As the student advances from the seventh grade to the twelfth grade, new and exciting experiences await him at every phase of his math education.

Mr. Emans clarifies a solution for Fred Holley.



MATHEMATICS

Upon entering the seventh grade, a continuation of the study of elementary rules and procedures is taken up and thoroughly investigated by the student.

The following year the student is required to take Eighth Grade Math. Problems dealing with business, insurance, and stocks and bonds are encountered.

The first year of high school offers to everyone a choice of General Math or Algebra I. Logical thinking and excellent training are among the benefits which can be gained in Algebra I. Numbers and their fractional and decimal part are stressed in General Math.

Complex equations, radicals, and exponents are mastered in Algebra II. Elementary trigonometry is also dealt with briefly.

Plane Geometry includes the study of lines, angles, and other plane surfaces. Constructions and geometrical principles provide experience in the more involved side of mathematics.

By the time he reaches the twelfth grade, the student is fairly certain of his future plans. If he is interested in engineering or the sciences he usually includes Trigonometry and Solid Geometry in his schedule. Here the slide rule is mastered and applied to problems in navigating, surveying, and simple engineering.

Regardless of what career is followed in the future, the basic knowledge obtained through the math courses at D. H. S. enable the student to better understand difficult problems he will encounter in the future, and to see more clearly the best way to attain his future goal in life.

Mr. Fallon demonstrates the use of the slide rule to Chet Harter.

Mr. Pohlman returns test papers.

Mr. Burson demonstrates the microscope for Dave Lantow.

SCIENCE

More than ever before men and women are giving thought to the question of how to make a good life possible for everyone. This interest is born of universal education and of the hope that science can help us build a better world. The Science Department at Defiance High School strives to explain the "Whys" and "Hows" of nature and its elements. The marvels of science sometimes go beyond our wildest imaginations but these courses at D. H. S. serve as the springboard to even greater scientific achievements in years to come.

A wide variety of facts about the mysteries of nature in an easily understood form are taught to the student in general science. It covers a wide range of scientific details, putting most of the emphasis on our surroundings.

Have you ever inspected a grasshopper? The student studying biology can say he has. He also studies one celled animals, blood circulation, and the digestive system.

A student studying physiology learns how the body functions. In this course he also studies how to get along in society.

The close correlation of chemistry to everyday life is presented to the student taking chemistry. He memorizes chemicals symbols, learns the laws of expanding gases, and works out chemical problems. In the laboratory the student learns what happens when one chemical is mixed with another.

Expansion by heat, reflection, and various kinds of energy are studied in physics. Here also, many profitable hours are spend in the laboratory. Physics, being a more advanced course, is open only to Seniors.

Mrs. Greim shows Joan Keesberry how easily oxygen is collected by displacement.

"The clockwise moments must equal the counter-clockwise moments," Mr. Hultz explains to Dick Ryan and Bill Hultz.

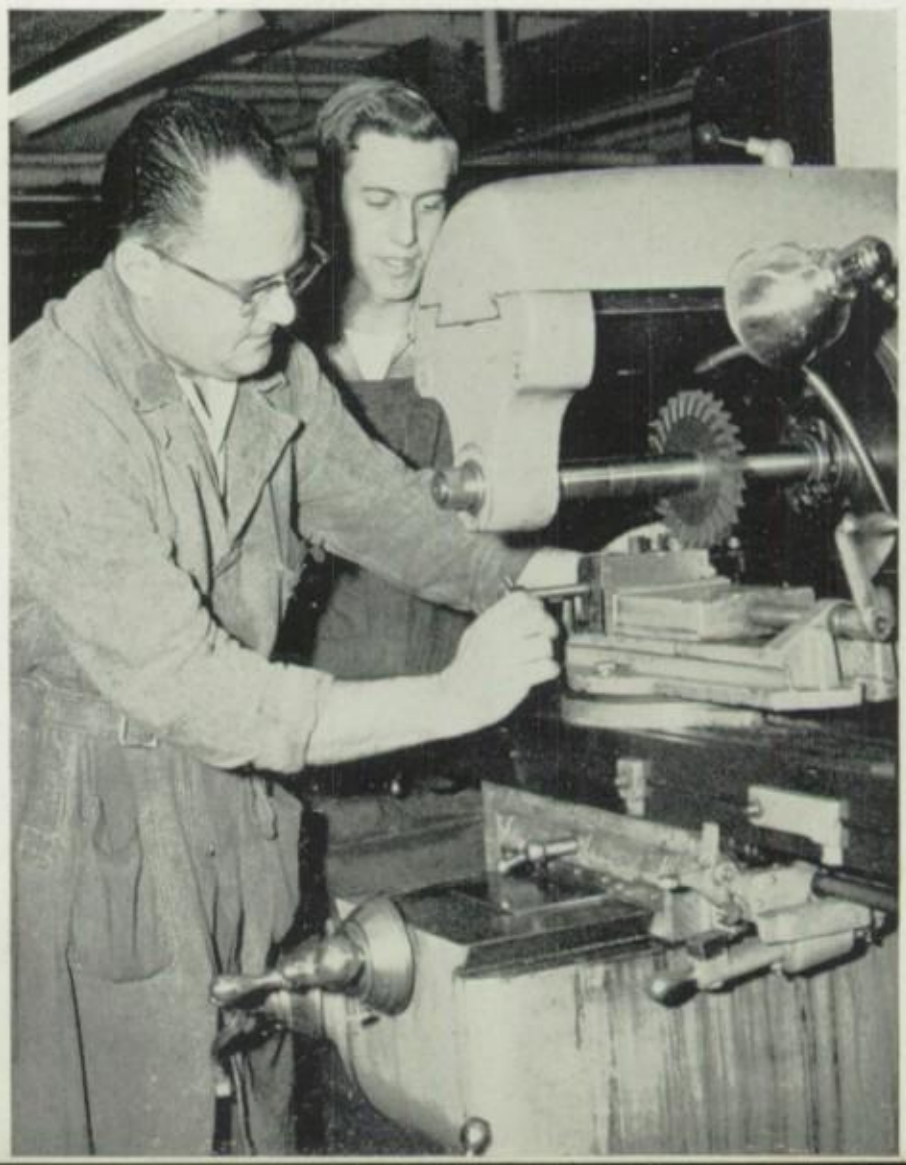
"Labor is discovered to be the grand conqueror, enriching and building up nations more surely than the proudest battles."

William Ellery Channing

To keep up with the mechanical age we are now living in, great variety of skills are taught at Defiance High School under the heading of Industrial Arts or Shop. From this training many boys find it easy to find and adjust to a job in a factory.

Junior High boys receive instruction in a variety of crafts. First they are taught to make simple drawings of projects. Then they do projects in wood, sheet metal, and wrought iron. This course is a prerequisite to further studies in shop.



Ed Kiessling learns to adjust a milling machine from Mr. Clingaman.

INDUSTRIAL ARTS

Printing in its varied forms and styles and many other crafts are taught to Junior and Senior boys and girls in Graphic Arts.

Arts and Crafts is offered to Sophomores, Juniors, and Seniors. It consists of making articles from leather and copper.

Wood shop is offered to interested Freshmen boys who wish to learn the art of using power and hand tools in making useful articles from wood. Some of the articles made are bowls or lamps for their mothers, or a gun rack for Dad, or possibly a bow for themselves. A more advanced course is offered to older boys.

Junior and Senior boys learn much about sheet metal, tin, and foundry work in General Metal Shop. The Seniors study electricity and automotives in the second semester. Here the boys have a chance to work on their own cars.

Mechanical Drawing is the language of industry. In this course, which is open to Sophomores, the boys learn to sketch an object and from this sketch draw a complete and working drawing.

Mr. Riggle shows Tom Potts how to operate a lathe.

Pete Zenz watches as Mr. Miller cuts leather for a purse.

HOME ECONOMICS

"In love of home, the love of country has its rise."
Charles Dickens

The Home Economics Cooking Department in Defiance High School boasts one of the best-equipped departments in the school. Modern, efficient stoves, refrigerators, and laundry equipment are replaced annually so that the girls may have the opportunity to learn and take the advantage of the latest devices. Spacious kitchenettes with stainless steel topped cabinets provide ample opportunity for the girls to practcie cleanliness and efficiency in planning and preparing tempting dishes.

The Sewing Department is equipped with eight modern sewing machines which are outfitted with attachments and time-saving devices. The long tables, fitting room, and full-length mirror aid the making of better-styled, better-fitting, and longer-wearing garments.

Girls in the eighth grade Home Ec. classes are introduced to the fundamentals of sewing and cooking. They learn that one of the steps in becoming a successful homemaker is learning to cook for health as well as for appetite appeal.

It's a woman's world, or is it? Roger Boff and Paul Heilman disprove this theory by taking Home Ec.

In Home Ec. I classes, cooking, sewing, care of clothing, rules of etiquette and good grooming are studied by the student.

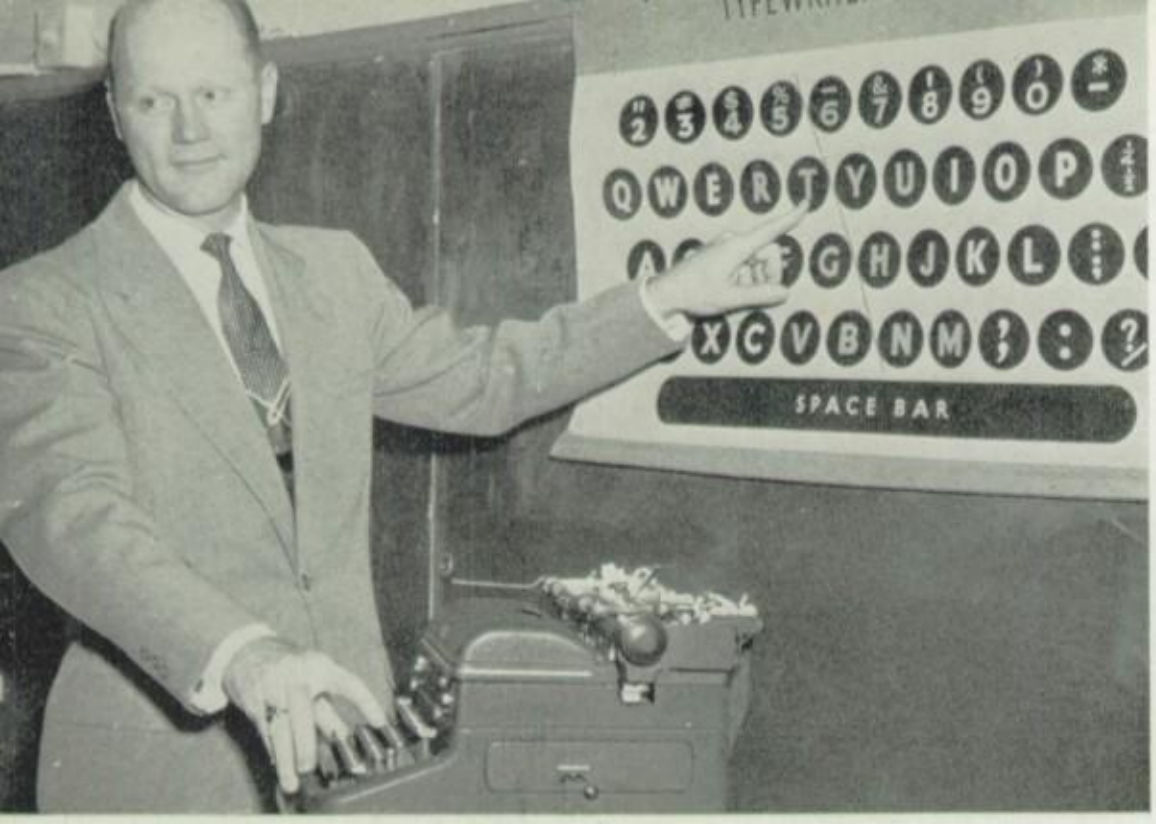
The student in Home Ec. II learns how to look for good materials in clothing, how to get more wear from her clothes, and how to make clothing in a short time. Personal grooming and good posture add greatly to the appearance of the girls.

Training for future homemakers is presented to the student in Home Ec. III. Girls learn the importance of making a house a home and what a successful home provides for its members. Taking part in baby care, balancing a family budget, and carrying out household duties are many of the projects which these girls take part in.

Home-economics education unifies knowledge from many fields in solving home-life problems. It draws on science, art, social science, psychology, and mathematics. It teaches students to dress becomingly, eat better, care for their homes, and live happily with their families.

Miss Bowyer shows Vicki Smith how to finish hemming a skirt.

"I guess I'm just not an Italian." Miss Myers holds the plate while Maryann Nolan serves spaghetti.



Mr. Hampshire points out the different keys on the typewriter to the typing class.

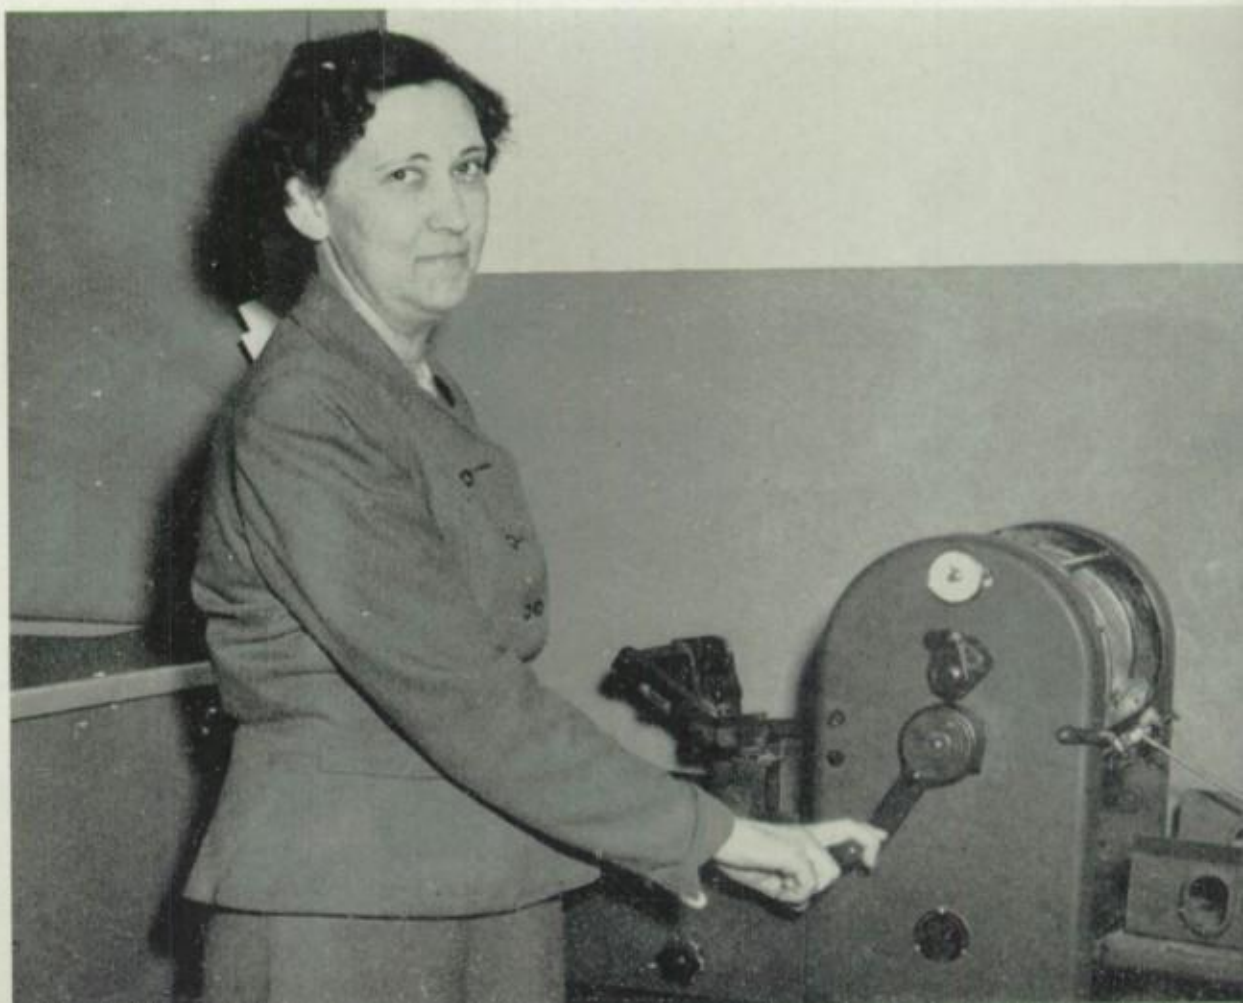
COMMERCIAL

"Multiple-skill training for business is necessary for life in a democracy."

I. David Satlow

Preparation for functional economic living is a vital phase of education for life adjustment. The uncertainties of our time intensify the need for training in practical economics. More than ever before the adjustment of boys and girls to our economic and business life demands a constructive attitude toward business, a clear understanding of its functions, and the ability and skill to use its goods and services effectively. These are the outcomes sought by the Commercial Arts Department at Defiance High School.

The goal of the type of training provided by the commercial courses is competence for stenographic or secretarial positions. In Shorthand I the student studies the basic fundamentals and symbols. The development of basic skills of writing shorthand, transcribing, and typewriting are continued in Shorthand II. The student who has passed Shorthand I and II is eligible to take Secretarial Practice where he follow the procedure of a typical office. This course does more than prepare for the high level of stenographic proficiency. The training program is of such a nature that it prepares the student for initial office jobs and develops a background of understanding that qualifies employees for promotion to more responsible positions.



Miss Clingaman shows Secretarial Practice students how to correctly use the mimeograph.

Mr. Green gives a demonstration of the use of a cash register to Carolyn Kissner.

Bookkeeping gives the student the opportunity to learn to keep records accurately and efficiently. He studies bookkeeping in a step-by-step development where a specific accounting principle is developed in a manner that makes learning more effective. In Retailing or Distributive Education the student receives training in good salesmanship and meeting the public. This course also prepares the student to make a place for himself in the business world.

Business Arithmetic and General Business offer the student an opportunity to learn how to figure taxes in a home or business, carry on transactions with a bank, and budget his own finances.

Some of the purposes of business education are to develop an understanding and appreciation of the part played by business in supplying the needs of all the people; to provide business training for those pupils who have the interest and ability to profit from training; to provide training for those pupils who expect to go into business for themselves at sometime after graduation from high school and to provide preparation for the pupil who expects to enter institutions of higher learning in order to continue his training in business education.

LANGUAGES

". . . be not the first by whom the new are tried nor yet the last to lay the old aside.

Alexander Pope

Language is one of the most important acquisitions of the human race, for it has enabled man to communicate his thoughts to his fellowmen and to later generations and so perpetuate knowledge and cultures. The Language Department at Defiance High School has established a program which helps the student to develop the many separate skills involved in studying the various languages.

The first two years of Latin are spent learning the fundamentals of the language such as vocabulary, conjugation, and the tenses. Records and the linescope aid the student in studying and acquiring a basic knowledge of Latin.

The student in Latin III and IV studies and translates some of the great classic literature. Most of the time is spent reading the works of Virgil and Cicero, with some review of grammar.

In Spanish class the student is taught the foundation of the language. In addition to the grammar, the history of the Spanish language, and the ability to speak it are learned.

Miss Schlegel shows film strips to the class as Phyllis Stuckey looks on attentively.

Becky Bricker assists as Mr. Peters explains the Spanish lesson by using flash cards.

SPEECH

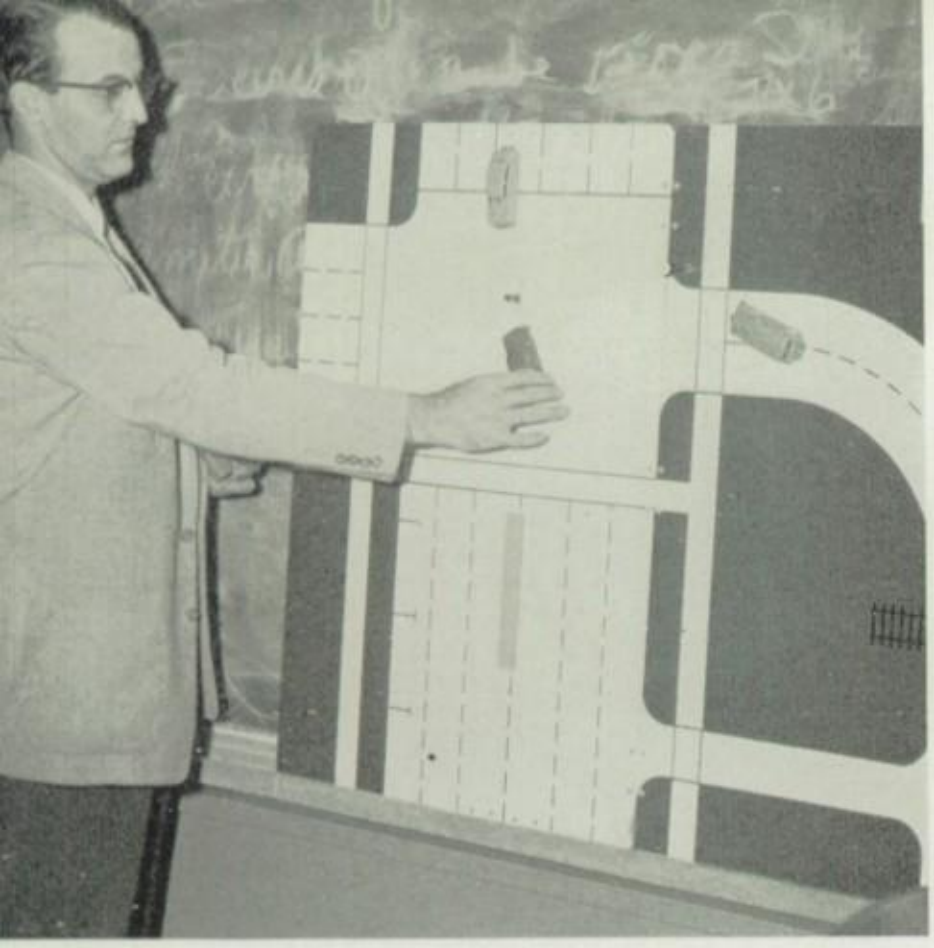
The art of speaking effectively is one of the greatest qualities a man can possess. Because the average person talks a hundred times as much as he writes, clear, pleasing speech is a valuable asset. A student taking speech studies the art of conversation, parliamentary procedure, and the interpretation of poetry. His speech class provides practice in listening courteously and thoughtfully, pronouncing correctly, enunciating distinctly, and speaking conversationally. He also takes part in debates and panel discussions.

"The brief is prepared this way," Mr. Babb instructs members of the Speech Class.

DRAMATICS

Dramatics classes at Defiance High School offer the basic fundamentals of play production, set design, stage equipment and lighting, costuming, and make-up. In addition, the student studies the motion picture industry . . . its history, production, and the work required in that particular field. The mechanisms of radio and television production are also presented to him.

No, it's not Howdy Doody! Mr. Wohn and Brenda Agler demonstrate marionettes to the Dramatics Class.



"If you are entering the intersection from this direction and an accident occurs, you are in the wrong," Mr. Prucha tells the Driver Education Class.

DRIVER EDUCATION

"Safety in traffic" is something that requires knowledge . . . and memory of knowledge . . . of laws, regulations, and advice drawn from accepted sources . . . beyond the realm of the know-how of driving. Defiance High School offers a Driver's Education program which provides this knowledge. Besides learning how to drive, the student learns the care and maintainance of a car, road signals, and common road courtesy.

SPECIAL EDUCATION

It is generally conceded in educational circles that not all students progress at the same rate of speed. The public school system has long been faced with the fact that in heterogeneous grouping many students who might benefit immeasurably by special attention appear to be lost in the shuffle of mass production.

The special education class, therefore, has been designed to give special attention to students who would benefit by such instruction and to help them fit into the best possible educational niche be it via books, tools, or machinery.

FINE ARTS

"Away with Art for Art's sake, and give me Art for Humanity's sake."

Victor Hugo

Art has ever been found to be the basis for national wealth on the one hand, and true spiritual uplift on the other. The nations with tasteful skill have controlled the markets of the world. It is plain that our age requires and demands that all will love beauty and many will express it. The best place to inculcate this love both for appreciation's sake and for expression's sake is in the school room. The art class is open to that student possessing the ability and desire to express himself through drawing and other creative works.

The future artist learns the four categories of art which include: painting, sculpture, architecture, and minor arts.

Pencil sketchings, charcoal drawings, and oil paintings of both still-life objects and landscape scenes are made by the student throughout the year.

The special feature of this year's art class was a field trip to the Toledo Museum of Art.

Art students Becky Behringer and Nancy Roesti work on oil paintings.

BOYS' PHYSICAL EDUCATION

Vigorous health is one of life's greatest blessings. The Physical Education Department at Defiance High School realizes this, and seeks by every means to add daily to the healthful vigor of the students.

Some of the finest equipment is available to the students in their Physical Education classes, where sportsmanship and co-ordination are the key words. The boys participate in strength tests, bowling, and intramural sports.

Also on the list of activities is the biggest "rivalry" in the school, the competition between Senior and Junior boys in sporting events. The loser of this series provides the food for the stag picnic in the spring.

MR. LESTER HALE

Education: Defiance College, A.B., Columbia University, M.A.
Extra Activity: Director of Intramural Sports

Mr. Hale considers tumbling one of the finest activities for building muscular coordination.

Is it basketball or ballet?

GIRLS' PHYSICAL EDUCATION

Physical Education was originally intended for boys but when coeducational schools were started, it was discovered that girls as well as boys needed physical exercise to relax them from their studies.

Today Physical Education for girls is taken for granted in the high schools.

At Defiance High School girls are taught how to live together in a group, cooperate with others, and practice sportsmanship.

During the course of the school year the girls enjoy volleyball, basketball, tumbling, softball, and field hockey.

Mrs. Squire shows Mary Behringer how to hold the ball while shooting free throws.

A CAPELLA CHOIR

The A Capella Choir is composed of ninety musically inclined Junior and Senior girls and boys. Under the direction of the vocal music supervisor, Mr. Leslie Brooke, and accompanied by Judy Richards, the Choir meets daily for rehearsal. Various organizations often call upon them to sing for their individual programs and assemblies. The Thanksgiving Day Assembly, planned by the Choir, provided the students and faculty with the right "spirit" of Thanksgiving.

When the holidays arrived, it meant only one thing to the choir members . . . rehearsing carols for the traditional Christmas Festival. "Winter Wonderland" started this year's program off with a seasonal aspect. The last part portrayed a religious pageant . . . the carol "Silent Night" being the climax of the evening.

Spangler, Don Fee, John Tuohy, Dick Miller, Larry Noffsinger, Charl Imber, Toni Walz, Barb Ward, Sue Ensign . . . Fourth row: Virginia Page, Sue Stoner, Jeannie Gebhart, Marsha Locke, Betty Watson, Maggie Voigt, David Crounse, Dave Hill, Tom Kissner, Charles Sisco, Larry Szabo, Tom Mick, Penny Heilman, Sue Martin, Diane Partee, Janet Andrist, Sue Jenkins . . . MR. LESLIE BROOKE
Subject: Vocal Music
Education: Ohio State University, B.S. in Ed.
Extra Activities: Choir and Ensemble Director

The annual Variety Show was built around a colorful western setting with the entire cast singing "Oklahoma" as the show got under way. As in the past, it was strictly a "variety show", with individual talent to give a well-balanced night of entertainment. The final number, "Country Style", was sung by the choir, ending a performance of fine showmanship. Different from previous years, outside talent was included, and also several former choir members returned to perform once again.

With the arrival of spring came the biannual trip . . . the goal of the choir. They performed in several neighboring schools, singing a varied program of classical and popular music.

To these girls and boys, this has been another successful year. Their accomplishments have again maintained the excellent reputation that has been built down through the years by former members of the A Capella Choir.

INSTRUMENTAL MUSIC

The eighty-three piece Defiance High School band, wearing new uniforms, put on fast stepping half-time shows at every football game. These shows were greatly appreciated by the fans who sat in the cold autumn air.

This year's band, under the direction of Mr. Blanchard, received the honor of leading the parade for Vice President Nixon when he spoke at Defiance College. They also had the honor of marching in the Inauguration Parade for Governor O'Neill of Ohio.

Other events which the band participated in were the Northwest Ohio Band Contest, County Band Festival, High School Music Festival at Ohio State University, Van Wert Peony Festival, Bryan Jubilee, Wauseon Homecoming, and the Defiance County Fair.

First row: Betty Bunn, Gymme Hewitt, Janet Andrist, Judy Derrow, Mary Spieth, Pat English, Carolyn Walter, Vicky Kerr, Pam Beardsley, Roberta Royal, Jean Wellman, Joe Heusi, Myron Bok, Sue Jenkins . . . STUDENTS

We come into high school so awkwardly young
Our hopes are as high as the skies,
Some may be humble, and some may be proud
But each one is seeking a prize.

SENIORS

The Seniors' time is filled with activities,
With studies, and clubs, and all kinds of festivities.
For underclassmen they must set an example,
Leadership is one trait to use as a sample.
Tho' regretting their leaving, with the future they're thrilled,
The climax of high school; as stars they are billed!

JUNIORS

Eleventh grade lessons are much more serious,
The Juniors may feel somewhat delirious.
The age old rivalry twixt the two classes
Is friendly and gay as the year passes.
The Juniors are really becoming mature
They know where they're going and are far more secure.

SOPHOMORES

Hail to the Sophomores, their fun and their joy
They work well, they play well, each girl and each boy.
The work's not too hard,
The play's not too gay,
They feel quite at ease
Each hour of the day.

FRESHMEN

The Freshmen must make an important decision;
To choose subjects wisely, with no need for revision.
If uncertain of talents, with no special field
The more general the subjects the greater the yield.
But such weighty matters don't dampen their glee
The Freshmen are gay and happy and free!

EIGHTH GRADE

Well laden with books,
the 8th graders know

That the studies get harder,
the older they grow.

To all upperclassmen,
they show their respect

But their youthful enthusiasm
seldom is checked.

Practical training in home ec.
and shop classes

May help set the sights of
these young lads and lasses.

From Brickle, Slocum, and
Spencer, too

Came the seventh graders,
bewildered and new.

Eager to belong,
but awed by the pace

They rush to their classes
as tho' in a race.

They know their way now,
and they've gained confidence

May they settle to study
and prove their intelligence!

ORGANIZATIONS

Through activities we learn the give and take of life
And to overcome our petty strifes.
Not all work, not all play; take this tip,
Find the way to a happy life through fellowship.

NATIONAL HONOR SOCIETY

Knowing their "reading, writing, and arithmetic" are not the only qualifications for the members of the National Honor Society, for they must also hold high qualities of leadership, possess outstanding character, and render service to others. Members (fifteen per cent of the Senior Class and five per cent of the Junior Class) are elected from the upper third of their class scholastically.

The activities of the society this year included sponsoring a scholarship team which is sent to Bowling Green State University to participate in the State Scholarship Tests, conducting an impressive induction ceremony, and sponsoring a program to produce interest in the Salk vaccine and encourage its use.

Mr. Krutsch, assistant principal, guides the activities of the society with the leadership of Tom Elberson, president; Hyla Quinn, vice-president; Judy Hoffman, secretary; and Ruth Ann Steffel, treasurer.

Mr. Krutsch and N.H.S. officers plan the annual induction ceremony. Seated: Tom Elberson, president; Mr. Krutsch, adviser . . . Standing: Hyla Quinn, vice president; Judy Hoffman, secretary; Ruth Ann Steffel, treasurer.

STUDENT COUNCIL

Mr. Blue makes arrangements for the Spring Hop as Tonette Walz, vice president; Lyn Cunningham, secretary; Tom Simkins, treasurer; and Craig Frysinger, president, look on.

Students of Defiance High School have an opportunity to express their own opinions through the Student Council. This organization, composed of members from every grade, serves as a link between the student body and the faculty. Its main purpose is to maintain high standards in the school and to voice the feelings of the student body as an organized group. This is one of the most influential bodies in the school because it has a voice in the governing of the school. Mr. Blue advises the Council in its activities.

Selling football programs, preparing Thanksgiving and Christmas baskets, and decorating the school for Christmas kept the members busy this year. Along with this, they sponsored a Spring Hop and worked toward improving school spirit.

This year, delegates were sent to the National Student Council Convention held in Toledo as well as the State Association of Student Councils Convention held at Miami University. Discussion groups were held at the conventions to help solve some of the problems faced by Student Councils.

The Council officers who directed the progress this year were Craig Frysinger, president; Tonette Walz, vice president; Lyn Cunningham, secretary; and Tom Simkins, treasurer.

DISTRIBUTIVE EDUCATION

The Distributive Education Club is an organization of the Distributive Education or retailing class. During the year, each student is required to hold a job connected with salesmanship and distribution. In his way, students learn to put into practice the information and knowledge learned in class.

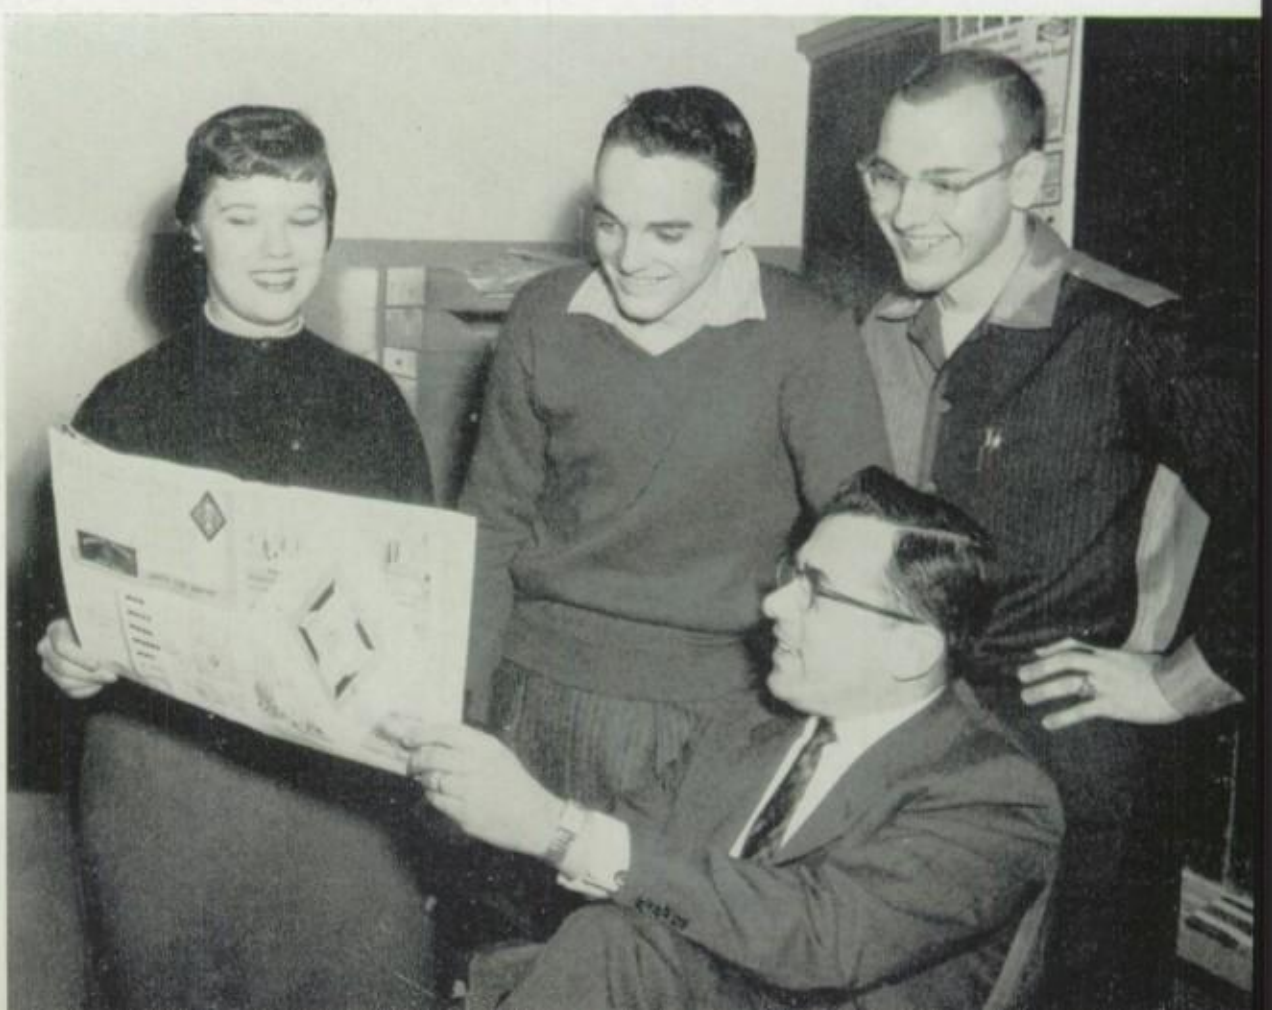
The club attended the annual convention of Northwestern Ohio Distributive Education Clubs on November 2, 1956 at Bowling Green State University. Tom Simkins, president of the Defiance D. E. C. A., was elected president of the regional clubs at this convention.

As President, Tom helped plan and conduct the State Distributive Education Convention at Columbus in February. He also was a delegate to the National D. E. C. A. Convention in April at Oklahoma City, Oklahoma, and will preside at the convention next year at Bowling Green State University.

The annual appreciation banquet for employers was held in the spring.

This year's officers were Tom Simkins, president; Ken Witker, vice president; and Carolyn Kissner, secretary-treasurer.

Mr. Green was the faculty adviser.



Mr. Green, adviser, show Carolyn Kissner, secretary-treasurer; Tom Simkins, president; Ken Witker, vice president, a recent booklet on salesmanship.

COLLEGE CLUB

Miss Kehnast helps College Club officers prepare for the annual spring banquet. Seated: Miss Kehnast, adviser; Art Frederick, president . . . Standing: Judy Hoffman, vice president; Maryann Nolan, secretary; Diana Roehrs, treasurer.

The main purpose of the College Club is to help any student who is planning to enter college.

Under the leadership of Miss Kehnast and the officers, all Junior and Senior members are instructed how to prepare for entrance into the school of their choice.

The annual Christmas Party was held this year at Grace Episcopal Church. Special guests were former members of our school who are now attending college. Each guest gave a short review of his own college experiences.

The officers this year were Arthur Frederick, president; Judy Hoffman, vice president; Maryann Nolan, secretary; and Diana Roehrs, treasurer.

FUTURE TEACHERS OF AMERICA

"I will learn the art of helping others by doing helpful things daily in home and school." This quotation is a part of the pledge made by the members of the Margaret Wilhelm Future Teachers of America Club.

Under the guidance of Mrs. Greim, the adviser, members do substitute teaching for teachers in high school and elementary classes. Through this work, members discover whether or not they are really interested in teaching as a career.

Club meetings are held once a month with a teacher as guest speaker.

This year's officers were Karen White, president; Carolyn Miles, vice president; and Margaret Voigt, secretary-treasurer.

Regular monthly meetings are planned by Karen White, president; and Carolyn Miles, vice president; with the assistance of the adviser, Mrs. Greim.

THE BANNER

First row: Mr. Krutsch, adviser; Hyla Quinn, editor; Ruth Ann Wolf, business manager; Sue Martin, Art Frederick, Sue Jenkins . . . Second row: Judy Tuohy, Rosalie VanVlerah, Theresa Brenner, Jo Scott, Karen White, Diane Partee, Neil McGrew . . . Third row: Helen Hardesty, Carolyn McCarthy, Maggie Voigt, Joanne Latchaw, Lyn Cunningham, Judy Hoffman, Carolyn Miles, Jim Shindler.

During the past year the Journalism Class, by way of the *Banner*, has succeeded in "digging for news," which was keyed to the interest of Defiance High School students. Each week members of the *Banner* staff faithfully write the stories assigned by the editor. This year Hyla Quinn served in this capacity. Mr. Krutsch is the adviser.

The staff also proved themselves capable salesmen by breaking previous Journalism Class records of selling Christmas cards. A new typewriter was purchased with the profits from this project.

Another special attraction which the staff undertook was the publication of the homecoming program.

For the past eight years the *Banner* has been entered in state-wide competition at Bowling Green. The paper has proved its superiority by being rated "excellent" four times and "superior" four times.

Neil McGrew, machine operator, prepares for "the weekly run".

Hyla Quinn, editor, gives instruction to Sue Martin and Art Frederick, sports editors.

Jim Shindler, editor, and Joanne Latchaw, copy editor, discuss page layouts.

Lyn Cunningham, photographic editor, points out prospective shots to Gordon Phillips, staff photographer.

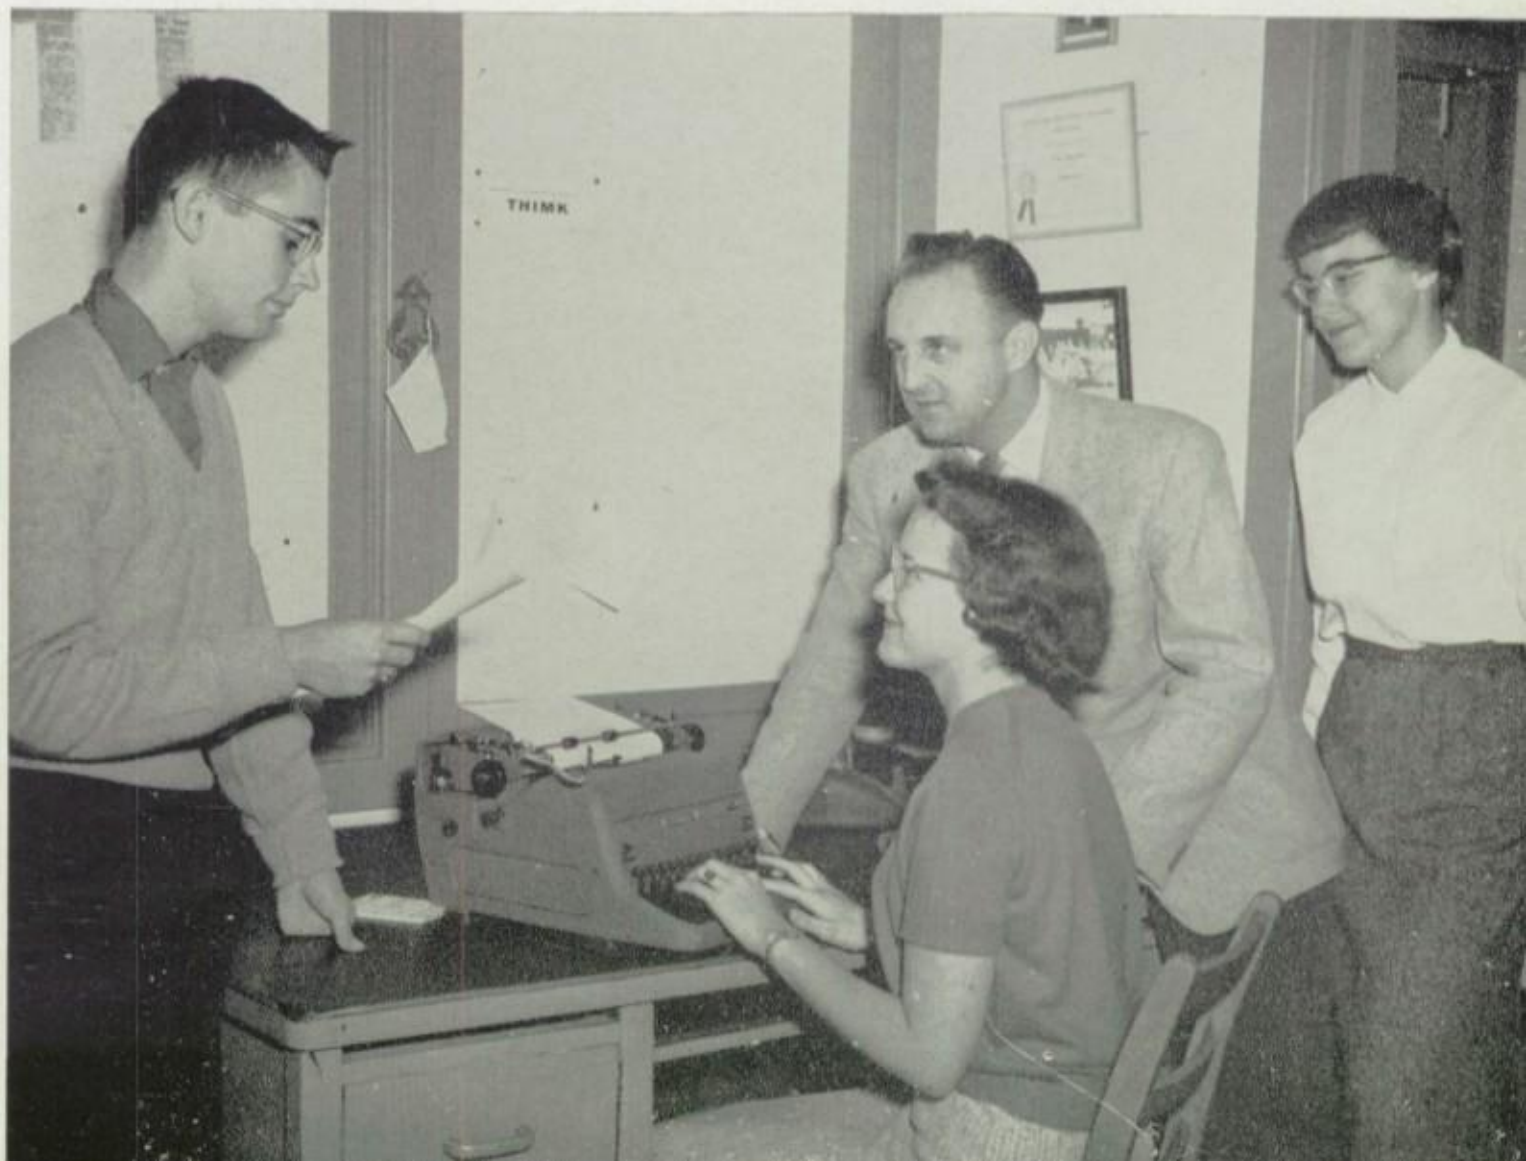
First row: Jim Shindler, editor-in-chief; Lyn Cunningham, photographic editor; Joanne Latchaw, copy editor; Tonette Walz, Sue Martin, Judy Hoffman . . . Second row: Bob Moser, Rosalie VanVlerah, Theresa Brenner, Hyla Quinn, Mary Jo Hoeffel, Jerry Miller.

PANORAMA
EDITORIAL DIVISION

The PANORAMA Staff is organized each year to publish a yearbook which covers the school events for the year and also serves as a happy reminder for the students of their school days. This year's editors and staff have constantly strived to fulfill both these objectives.

It is hard to realize the many, often frustrating hours, that have gone into the making of this book.

The bulk of the editorial duties this year fell to the Editorial Board: Jim Shindler, editor-in-chief; Lyn Cunningham, photographic editor; Jo Latchaw, copy editor; and Mr. Krutsch, adviser.



Jim Shindler, editor; Joanne Latchaw, copy editor; Mr. Krutsch, adviser; and Lyn Cunningham, photographic editor.

First row: Tom Elberson, business manager; Ruth Ann Steffel, assistant business manager; David Crounse, Sue Jenkins, Art Frederick . . . Second row: Judy Tuohy, Barb Daoust, Jerry Ingle, Charlene Green, Nancy Roesti.

Many after school hours are spent by the staff members in the soliciting of advertisements from the downtown merchants, places of industry, and professional men who contribute as "friends of the school."

One of the more pleasant tasks the staff has to perform is the final distribution of the finished yearbook. The delighted faces of the students as they catch a glimpse of the PANORAMA are well worth the efforts put forth by the staffs.

Tom Elberson was business manager this year with Ruth Ann Steffel, assistant business manager and Miss Clingaman, business adviser.

Barb Daoust signs up two more on the dotted line for the 1957 PANORAMA.

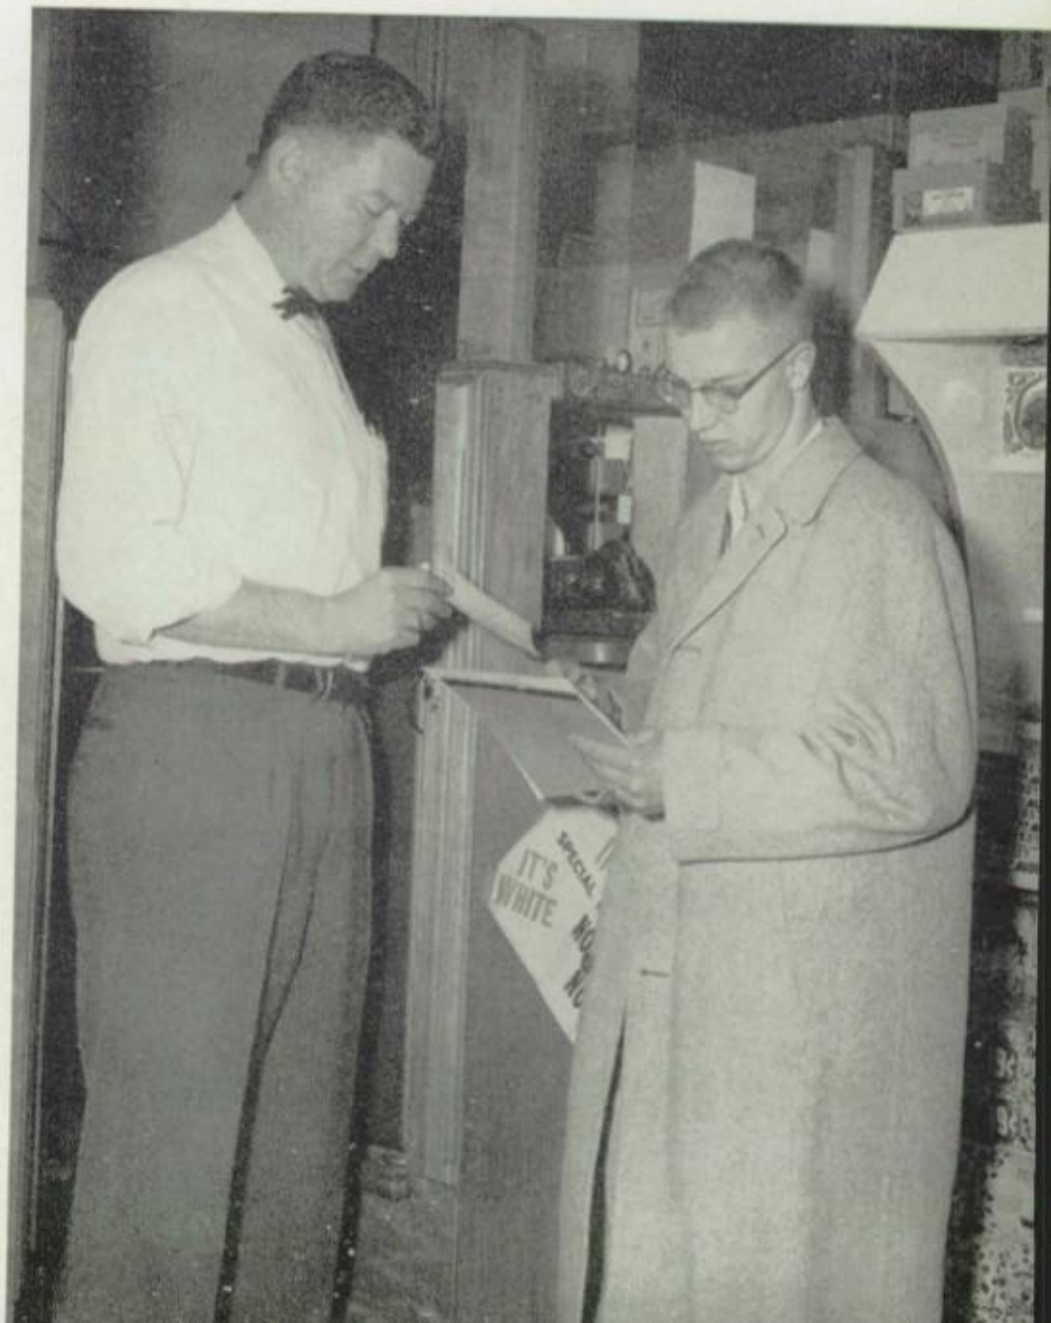
Ruth Ann Steffel, assistant business manager; Tom Elberson, business manager; and Miss Clingaman, adviser.

PANORAMA
BUSINESS DEPARTMENT

The publication of the PANORAMA would be an impossible task if it were not for the assistance of the Business Staff. The raising of funds to finance the production of a year-book is a tremendous job.

Because the cost per annual is about twice the price charged, it is necessary to sell individual pictures, solicit advertisements, and assess class groups and organizations.

Individual pictures are identified, sorted according to home rooms, and then distributed in home room. Students can then decide whether or not they would like to purchase their pictures. The following week final selling of pictures takes place. Various organizations of the high school also help defray the cost of their group pictures. The total picture sales this year amounted to $1500 of which the staff receives 30%.



Tom Elberson solicits an advertisement from John Nolan, manager of the Chief Super Market.

Fourth row: Maggie Voigt, Biruta Zarins, Mary Ellen Marcellus, Nancy Potts, Pat Bond, Penny Heilman, Ginny Page, Ruth Steffel.

COMMERCE CLUB

The goal of the Commerce Club is to develop and promote business ideals, business character, and to give the members an opportunity for self education of business methods. Any Sophomore, Junior, or Senior girl is eligible to join the Commerce Club.

Speakers from many local business firms talked to the girls, giving them advice and helpful information. Movies of various types of secretarial work were also shown.

The future secretaries and stenographers met once a month under the leadership of Carolyn Sehlmeyer, president; Mary Jo Hoeffel, vice president; Phyllis McBroom, secretary-treasurer; and Miss Clingaman, the club adviser.

BOOSTERS

Hours of planning are needed to make the May Dance a success. Seated: Nancy Dirr, vice president; Miss Myers, adviser; Tonette Walz, president . . . Standing: Maryann Nolan, treasurer; Nancy Roesti, secretary.

The last bell rings . . . locker doors slam . . . we hear the familiar cry . . . "Hurry up! There's Boosters tonight!"

This year the Booster Club had a membership of 180 girls. The meetings were held on the first Wednesday of each month under the leadership of Tonette Walz, president; Nancy Dirr, vice president; Nancy Roesti, secretary; and Maryann Nolan, treasurer.

The most important activity of the Booster Club was the sponsoring of the annual May Day festivities . . . planning for the "dance of the year" and decorating the gym. Another highlight was the Christmas party and, as usual, jolly old St. Nick once again arrived on time. Some of their other activities include the sponsoring of the Thanksgiving Day assembly, a potluck supper, and election of officers in the spring.

Their purpose is summed up in the few words of the Creed. "We are Defiance High School Boosters, striving to be better citizens both today and tomorrow."

Miss Myers is the club adviser.

JUNIOR HI-Y

"Christian thought, Christian action, and Christian leadership," is the platform of the Junior Hi-Y.

The group has been very active around Defiance High School this year. The boys sponsored a Post Game Dance and other activities which include gym nights, hat and coat check, and a service project for the school.

The officers this year were Fred Holley, president; Phil Pelok, vice president; David Kellermeyer, secretary; and John Miller, treasurer.

The faculty adviser is Mr. Hinesman.

SENIOR HI-Y

Officers of the Senior Hi-Y plan Homecoming Festivities . . . Jerry Miller, vice president; Jon Easley, president; David Hill, treasurer; Bruce Gossman, secretary; Mr. Fallon, adviser.

Boys interested in developing good character, along with clean living, clean speech, athletics, and scholarship, have an opportunity to join Senior Hi-Y. Following their program of Christian action, the members, under the leadership of Mr. Fallon, annually participate in numerous school activities. Included in these are the printing and selling of programs at basketball tournaments, as well as sponsoring the Christmas Dance and Homecoming ceremonies.

Another aim of the Senior Hi-Y is to arouse an interest in government. For this reason, each year several delegates are sent to the Hi-Y Model Legislature at Columbus where a model government is set up and run by delegates from throughout the state. The brothership fostered in Hi-Y, together with the experience gained there, gives each boy a fine background for later life.

Members also take part in district rallies and banquets held throughout the year. Entertainment and workshops highlight these meetings.

Officers this year are Jon Easley, president; Jerry Miller, vice president; Bruce Gossman, secretary; David Hill, treasurer; Dan Spengler, chaplain; Don Lethers, sergeant-at-arms.

SCIENCE CLUB

Students interested in the fascinating and mysterious world of science are urged to join the Science Club. The more technical sides of the modern world are explored by the serious-minded club members. Group discussion of current science developments and demonstrations, along with working on individual and club projects, highlight each regular club meeting. Under the guidance of Mr. Hultz, the club members took part in field trips to surrounding places of scientific interest.

Officers for this year included Bob Moser, president; Bill Reiter, vice president; Ron Steffel, secretary; and Don Fee, treasurer.

Charles Griffeth, president; Dan Spengler, vice president; Janet Fronk, secretary; Junior Lipp, treasurer; Miss Schlegel, adviser.

LATIN CLUB

To encourage the study of Latin and to better understand its influence on modern life is one of the main purposes of the Latin Club.

Membership is open to all Latin I students who obtain an A average the first semester and to all Latin II students who maintain a B average or better.

The club is affiliated with the State and National Junior Classical League. This year Judy Richards served as President of the State J. C. L. Each year the club sends delegates to the J. C. L. Convention held in Columbus.

Some of this year's activities were a Christmas party, a slave auction of new members, and Latin Week.

Miss Schlegel is the club adviser.

SPANISH CLUB

Did you ever think of visiting a Spanish-speaking country? If so, knowledge of the language might be imperative. The six-year-old Spanish Club, under the guidance of Mr. Peters, tries to create more interest in Spanish in everyday life. The customs and histories of our neighbors, Mexico and South America, are stressed.

The leaders of the club are Mary Ellen Marcellus, president; Biruta Zarins, vice-president; Becky Bricker, secretary; and Sue Ensign, treasurer.

CHEERLEADERS

The cheerleaders worked exceptionally hard this year to stimulate enthusiastic support at the games. They have welcomed our opponents and have been behind the team—win or lose. Cheers of "we're with you team" heard throughout the games were led by the faithful girls in blue and white.

The girls practice diligently each week and plan the pep meetings held during the football and basketball seasons. "Billy Bulldog," the team's mascot, was on hand again this year to help bolster school spirit and promote good sportsmanship.

The varsity cheerleaders are Pat Locke, head cheerleader; Tonette Walz; Pat Karnes; Linda Oelke; and Penny Tubbs. The reserve cheerleaders are Cuba Cain, Barb Stock, Jackie Brown, Linda Hohenbrink, and Gymme Hewitt.

JETS

The Junior Engineering Technical Society was formed to stimulate interest in engineering among high school youth. This newly inaugurated club, under the leadership of Mr. Fallon, is affiliated with Michigan State University and offers valuable experience in many types of engineering. Expert assistance is available for those who demonstrate initiative, enthusiasm, and interest. The club promotes and encourages good scholarship and proficiency in high school subjects as prerequisites for college engineering courses.

This year's new members were inducted into the club at special ceremonies which included a panel discussion by college engineering students. A field day, spent with an engineer at work, and a trip to a nuclear power plant highlighted club activities. "Jets" members were encouraged and helped in preparing displays for expositions held throughout the year.

Club officers this year were Dick Ryan, captain; Bob Moser, 1st officer; Bob Stone, communications officer; and Jerry Ingle, navigator.

FOOTBALL

Coaches Burke, Pixler, and Hampshire inspect a kicking tee.

A rough schedule, plus the loss of some of last year's valuable players, were two obstacles facing Coach Burke and his assistants, Mr. Hampshire and Mr. Pixler.

Defiance High School's Bulldogs failed to equal the 1956 record, winning only two games in nine starts.

John Schlosser and Chet Harter were the workhorses of the 1956 Bulldog squad. Schlosser carried the ball 112 times for an average of 4.6 yards per try. Harter carried the pigskin 157 times for a total of 4.2 yards per try.

The big standout on the line was John DeVore, a junior, who spent all of his time before 1956 in the backfield.

John Schlosser, who carried the pigskin for the last time at D. H. S., was named honorary captain of the 1956 grid squad.

Seniors Tom Lantow, Jerry Miller, and Neil McGrew and Sophomore Roger Memmer were out most of the games due to fractures sustained during the early part of the season.

First row: John Schlosser, Chet Harter, Gordon Phillips, Craig Frysinger, Floyd Layman. Second row: Paul Miller, John Galliers, Dick Ryan, Dick Hill, Paul Relyea. Third row: Delane Smith, John DeVore, Tom Myers, Larry Connor, Barry Rupp.

BASKETBALL

Although the Bulldogs were hampered by the loss of seven lettermen from last year's outstanding squad, Coach Max Gecowets came up with another brilliant quintet in the 1956-57 basketball race. Paced by holdover starters Jerry Harris and Chet Harter, Defiance compiled an overall record of twelve wins and seven losses for the season. Encountering perhaps the roughest schedule ever faced by a Defiance High School team, the boys combined good sportsmanship with a will to win to produce a highly successful season.

Defiance opened their season by downing Celina and Van Wert before losing to Dayton Stivers in a hard fought game. The Bulldogs slumped in their next five games, winning over Toledo Woodward and Toledo Whitmer while losing close games to Findlay, Dayton Dunbar, and Columbus West. Coming out of the slump, the boys attained a five game winning streak, downing Napoleon, St. Mary's, Toledo Scott, and previously undefeated Bryan and Anthony Wayne. After having their winning streak broken by Van Wert, the Bulldogs went on to defeat both Napoleon and Bryan before losing their last game to a strong Delphos St. Johns team.

Seated: Tom Gottwald, Dick Ryan, Chet Harter, Jerry Harris, Bill Hultz . . . Standing: Ted Beindorf, Mgr.; Chuck Shock, Dan Ducatt, Ken Jenkins, Dick Wasnich, Coach Gecowets.

Don't take it so seriously, Tom.

Let's see you get out of this one, Jeb.

In tournament play the team was not so successful as teams of several previous years. Defiance had little trouble doing away with Montpelier in the first round of sectional play, but Bryan avenged two regular season defeats with a 66-64 squeaker to knock Defiance from tournament contention.

During the season, Jerry Harris, a 6' 1" Junior, led D. H. S. in both scoring and rebounding. Chet Harter, a 6' 4" Senior, was another valuable asset to the Bulldogs, pulling in rebounds and as an offensive threat. Outstanding ball handling and natural ability made Bill Hultz, Tom Gottwald, and Dick Ryan invaluable throughout the year.

Harris set new school records by hitting 140 foul shots for the season together with a single game mark of 19 foul shots against Delphos St. Johns.

GOLF

The golf squad ended the 1956 season with a four lost, one win record. John Tracy was the only returning starter from the previous year's squad. He was the "golfer of the year" with an 83 point average. The golfers participated in the Toledo District Meet where they finished nineteenth. Mr. Gecowets coached the squad again this year.

BASEBALL

Ten lettermen greeted Coaches Hampshire and Emans when the diamond season rolled around this year. The diamondeers who had another fine winning season recorded eleven wins, as against two losses. Out of thirteen games played, the Bulldogs blanked the opposition in five and allowed only one run in two others.

Larry Pelok, Jerry Harris, John Galliers had top batting averages for the year. The team average was 299. The top record among the pitchers was owned by Harris, who won five while losing none.

Defiance met Wauseon in the first game of the Class A Sectional Tournament and won 7-0, but lost the second game to Van Wert.

Ron Powell was elected honorary team captain for the year, and Fred Warncke was chosen most valuable player.

"Look out below," Chet Harter heaves the shot.

Competing for the first time independnet of a league, the D. H. S. thinclads, coached by Mr. Wahl and assisted by Mr. Rex, posted a very successful 1956 season. The team finished the season with a record of three wins and three losses in regular meets, but several individual performances were outstanding.

Late in the season the squad journeyed to Bowling Green University for the annual Bowling Green District Track Meet. Fine showings were make by Chet Harter as he placed second in both the shot-put and discus; Phil Hoeffel, finishing fourth in the 120-yard high hurdles; and the 880-yard relay team, made up of Jerry Meyers, Chet Harter, Bill Hultz, and Delane Smith, which came in third. All four performances were good enough to qualify for state competition. At Columbus, however, they were unable to place.

TRACK

"Getting up in the world," Bill Hultz clears the bar.

Four school records were replaced by members of this year's team. Harter's showings in the shot-put and discus at the District Meet both bettered the previous marks as did the time of the 880-yard relay team at the same meet. Phil Hoeffel also added his name to the record book as he finished first in the 180-yard low hurdles event at a dual meet with Fort Wayne North.

Coach Wahl is looking forward to next year for another fine squad built around returning lettermen Smith, Harter, Hultz, Harry Heilman, and John Devore. Returning also will be several other experienced runners as well as an eager group of underclassmen.

First row: Jerry Myers, Gary Mix, Phil Hoeffel, Ted Brown . . . Second row: Lee Hoeffel, Bill Vandemark, Chet Harter, Charles Latchaw . . . Third row: Gary Ordway, John Devore, Bob Manley, Delane Smith, Bill Hultz . . . Fourth row: Dave Ryan, Roger Memmer, Ed Osborn, Ed Stephens . . . INTRAMURALS

One of the sports in which all boys like to participate is intramural activities under the direction of Mr. Hale. Boys in the upper four grades participate in football, basketball, bowling, and tennis. In these sports the boys form teams and develop a keen sense of rivalry which tends to make the games more interesting and more enjoyable for all those involved.

G. A. A.

Through the G. A. A., girls in grades nine through twelve learn the standards of good sportsmanship, leadership, fun, and clean living while taking part in various sports.

The highlights of each year are the informal initiation held at Kingsbury Park and the Annual Awards Banquet in May.

This year's officers were Lyn Cunningham, president; Judy Tuohy, vice president; Diana Roehrs, secretary; and Ruth Wolf, treasurer.

The club adviser is Mrs. Squire, assisted by Mrs. Gaeth.

Congratulations to the winner . . . Gee, that's two straight strikes.

It is given to only a few to use their life span to benefit all generations to come after them . . . Such was the gift of Thomas Alva Edison, pioneer in applying electricity to better the lot of mankind.

We are proud to bear his name

Only a holder of the original Edison license may use the name "Edison" as part of its corporate title. It is the mark of a pioneer. Toledo Edison, a business-managed, tax-paying electric company, is proud to be so honored . . . and we renew our pledge to serve our customers to the very best of our ability.

Don't touch!

May 31, 1953

I dedicate this page to the best girlfriend a person could have. Dodie has been help in time of need and comfort when I needed it. Dodie, Do you "rember" all my trouble with Bruce? I had fun anyway. Mr. Thimbly, Thomas Timothy Thimbly; he was my bunny. Remember the fight I had with Sharon Meck + Ray + Algie? Those were the days. So I dedicate this to you, Dodie. To you and the 9½ years lived together. I hope our friendship will continue even though we are a few miles apart. I'll be with you forever as McCauley said "I'll return."

Take it easy + stay out of the woods where mosquitoes are. I find some wish out. Guess I've wasted a lot of room but I've said a lot between the lines.

Be good always.
